

EYE HEALTH - tips and tricks for avoiding mishaps

2019

24
AUGUST

**Limited seats
Book now!**

An interactive, 4 hour lecture style presentation for GPs and GP registrars.

Four specialist speakers will present on tips and tricks for avoiding mishaps with regards to the assessment and management of a variety of different common and emergency eye conditions, including coverage of:

- Tips and tricks on examination techniques in children
- Red flags for serious conditions not to miss in children
- Warnings of the uni-lateral red eye and treatment options
- Emergency management of penetrating eye injury
- Gradual vision loss
- Writing eye referrals

LEARNING OUTCOMES

- Update skills to improve the diagnosis and management of common eye conditions presenting to GPs.
- Describe the pertinent 'Golden Eye Rules' to assist GPs in the assessment and management of eye conditions and eye trauma.
- Develop a safety framework for assessing eye trauma and eye symptoms so as to avoid mishaps
- Utilise tips and tricks for examination techniques in children
- Outline and discuss best tips for writing referrals to the Eye and Ear Hospital Eye Clinics to reduce number of rejected or incomplete referrals

SPEAKERS

- Dr Georgia Cleary, Consultant Ophthalmologist
- Dr Rahman Nazari, Consultant Ophthalmologist
- Mr Mark Etheridge, Orthoptist
- Dr Shivanand Sheth, Consultant Paediatric Ophthalmologist, Strabismus and Neuro-ophthalmology
